Film Summary:

Unwilling to let pinball die at the hand of video games, master screen printer and craftsman Wade Krause reinvents and restores everything pinball. Wade collaborates with pop artists like Dirty Donny on custom games from a labyrinthine workshop in a rural California rodeo town. Wade is one of the leading craftsmen of New Pinball; enter his mad scientist pinball lab and see what happens behind the multicolored backglass.

Biography - Anna Newman (Director):

Wade Krause: Pinball Artist is Anna's first film as director. Whether she is producing commercials, narrative, or documentary films, Anna is driven to discover and share stories of passionate individuals who engage the world in a unique way. Anna is nearing her ten year anniversary at PDI/DreamWorks Animation, where she works in R&D.

Biography - Wade Krause:

With more than 20 years of experience screen printing, if an artist can imagine it, self-taught master craftsman Wade Krause can bring it to life. Wade collaborates with high profile contemporary artists and has revitalized pinball as kinetic sculpture in galleries and museums.
